## What Is ConnectTogether?

Designed from the ground up to support Associations of all sizes, **ConnectTogether** is a brand new innovative website (with accompanying Smartphone APPS), which delivers a suite of products to help you engage with everyone linked to your organisation in ways never possible before!

**ConnectTogether** is the very first FREE 'By Invitation Only' Social Network, that also has collated the very best of the web to help you run and organise your association quicker, better and with improved results - guaranteed!

## What can ConnectTogether do for you?

All in one secure place, you can:

- Communicate - GUARANTEE that your all messages are seen!
- Event Organisation - For PAID & FREE Events, no more chasing required!
- Fee collection - Easy and fast collection of fees
- Take Surveys - Let your Members views be heard!
- Charity Support - Organise charity events and sponsorship quickly and easily
- Share - Images, Videos, PDF's, or indeed any electronic media!
- Take control - Decide who sees what and when - you have full control!
- And much much more!

## Why use it?

Running any association is a tough job, but with ConnectTogether it can be fast, fun and easy!

With **ConnectTogether** gone are the days you have to worry about getting your messages seen amongst a mountain of posts or emails, and then hope your members reply (with even a simple 'yes - I'll be there!')

When you make a new post on your **ConnectTogether** page, all your members then receive an email PLUS a notification on the home-screen of their smartphone. Then in just a couple of clicks they can reply, pay for an event, accept an invitation, give feedback and much much more.

**ConnectTogether** really is the 'best of the web' all in one place for associations No longer do you have to point your members to numerous webpages to complete different tasks. It even links with your FaceBook and Twitter!

**ConnectTogether** is fully customisable, so that your page can include your logos, backgrounds and colours.
